

MEGACHURCH NEWSLETTER

DECEMBER 2019

MEGA CHURCH

Praise Jesus! We closed the year 2019 with 101 baptisms of the born-again. This makes almost 300 baptisms in less than three years that elapsed since the beginning of the Megachurch project in Poland and abroad. Also, there are over 300 people enrolled in regular Biblical education at three levels of expertise.

In December, a decision was made to start another educational project for Christian workers, "Biblical Counseling," in cooperation with the Biblical Counseling Institute. We are very excited about this project! It is worth emphasizing that the new Polish Christians come from non-believing or superficially religious homes. Consequently, in our pastoral work we deal with many serious issues. We are requesting prayers for the young Christians' spiritual growth and healing of the wounds of the past, as well as a rich harvest from this training in the future pastoral service for Poland.

In December, we had two distinguished guests on our TV, former advisors to President Donald Trump: Stephen Yates and General Robert Spalding, who promoted the Polish edition of his book "Stealth War: How China Took Over While America's Elite Slept" (in December, we sold over 100 copies of the book). We are strongly recommending viewing these materials dealing with the topic of Chinese threat.

Fabulous success of the film "Genesis: Paradise Lost" in the Polish language version prepared by the Against the Tide TV studio: we sold over 1000 DVDs within a month! A number of screening of this movie, including those in theaters, took place in rooms filled to their maximum capacity. We have received information that even catholic priests let children see the film "Genesis" behind the hierarchs' backs. [During a Christmas program on the largest TV station in Poland a Catholic archbishop stated that "the creation had awaited Jesus 4.5 billion years (sic!)."] We received wonderful New Year greetings from the movie's coproducer, Eric Hovind.

A delegation from the Against the Tide TV participated in a rally, "Free Hong Kong," organized in Warsaw by young Hongkongers.

During the Sunday worship on December 8, a car of one of our pastors, Radosław Kopeć, was attacked. A phrase, "F*** Cults," was engraved on the hood. The police and prosecutor's office are very slow to investigate the incident, and none of the Polish journalists have informed the public about this attack.

Also in December, an incredible meeting with 96-year-old Marianna Krasnodębska took place in Lublin. Jointly with her family she had received the Righteous Among the Nations award for rescuing Jews during World War II. The meeting included screening of the first documentary film produced by our TV, "Righteous Among the Nations. History of the Jaroszk' Family," which is now available with English subtitles.

In the beginning of December, we hosted the 7th American Evening celebrating Thanksgiving Day. During the meeting we mentioned that the first Poles arrived in the territory of the future United States of America in 1609. When faced with exclusion from participating in elections to the government of the colony they staged a strike (they laid the foundations of the American industry) and soon they were granted equal rights with others. See video report of the American Evening (with English subtitles).

We ended the year 2019 with a 6-day Christmas-New Year Christian conference. It was attended by members of Bible groups from Canada, Great Britain, Ireland, Sweden, Germany, Holland, Austria, and Switzerland. Renovation and adaptation works are still in progress at our new premises. The conference attendees visited the real estate and were excited about the new possibilities that God has given us. Here is a testimony to the generosity of our brothers – one of them had been struggling for over two years to sell a house inherited from his parents. Motivated by Pastor Chojceki's preaching based on the Book of Haggai and the video-clip "Biblical University of Lublin" he prayed, "God, if you let me find a buyer, I will donate 10% of the profit from the sale." Then, he added, "Not 10% but 20%!" Within two weeks a buyer showed up. Our brother kept his promise and donated 100,000 PLN towards the Biblical University of Lublin. Praise God!

Also, 2019 ended with a record number of donations! In December, almost 1200 people supported us and thus we reached the goal we had prayed for: over 1000 donors supported us each month. None of us had expected that it would be possible to bring about such a great and systematic charity in the poor and unaccustomed with Godly Giving Polish nation. It reminds us of the Biblical example of the Thessalonians.

On December 31, in response to the verbal attacks by Russian president, Vladimir Putin, who accused Poland of causing World War II, we submitted a petition to the President of the USA, Donald Trump, with a request to assist Poland in obtaining war reparations from Russia. We are asking you to publicize this matter.

PRAYER REQUESTS:

- For safe completion of the renovation of the new premises and the moving process.
- For action on the part of the police and journalists towards curbing the physical attacks on the New Covenant Church of Lublin.
- For further conversions of Catholics, who are more and more frustrated with the activity of Pope Francis. The number of priests who resign from priesthood is steadily growing; Poland holds the first place in Europe.
- For continued counteracting the evolutionist-materialist propaganda through the film "Genesis: Paradise Lost."
